Invitation to attend:

Managing Clinical Emergencies in General Practice

For General Practitioners & Practice Nurses

This seminar is designed to assist General Practitioners and Practice nurses in their management of emergency situations within the general practice setting.

This session is designed to answer any questions you may have regarding the medical treatment of emergency situations within General Practice. With this in mind, please indicate below what particular information (emergency management) you would like addressed at this session before returning this form via facsimile.

Aims include:

- Refreshing knowledge of existing emergency skills
- Learning new skills.
- Updating first line emergency drug therapy
- Increasing knowledge of the management of clinical emergencies within General Practice

Date: Tuesday 16th June 2009
Time: 6:30pm until 9:00pm (Light meal provided)
Venue: GP partners Adelaide
        Level 1, 120 Hutt Street Adelaide SA 5000

Presenter: Dr Hugh Grantham
Dr Grantham has been Medical Director of South Australia Ambulance Service (SAAS) for over twelve years, and he has contributed in advancing the role of paramedics through education, medical/clinical leadership and management. He is also Director of the Ambulance Education Unit of SAAS. He holds an academic appointment within the Anaesthesia and Intensive Care Unit of the Faculty of Medicine at Flinders University.
Hugh teaches in a broad range of prehospital areas, including Early Management of Severe Trauma (EMST) and Advanced Paediatric Life Support.
In January 2005, Hugh led one of Australia’s first medical response teams in Banda Aceh, immediately following the tsunami.

As a category 2 activity, 4 RACGP endorsed points have been sought.
